

WHY VISUAL ARTS AT ALGOMA U

The Visual Art Program at Algoma U provides an ideal learning environment for Art students, who will undergo a process of dramatic personal growth. Students will graduate with a greater sense of achievement and pride in their work. Throughout the duration of studies, students will work alongside our talented and dedicated faculty. Small class sizes ensure an excellent degree of one-on-one feedback and instruction. This constructive feedback allows for the completion of refined, polished, mature, and technical work. Visiting artists will enhance your experience through exhibitions, presentations, lectures, workshops and individual consultations. They also provide vital insight into the world of contemporary art. Upon graduation, our students will have transitioned into mature artists, with a dynamic portfolio, vast understanding of art history, and will be prepared for the work world.

COURSE HIGHLIGHTS

In addition to working with galleries and community organizations, our students also study outdoors. Being located in Sault Ste. Marie, a city which boasts natural beauty, our students have the opportunity to experience the truly awesome natural beauty of the region. Outdoor experiences include visiting historically significant sites such as the Agawa Pictographs, painting 'en plein-air', and exploring land-based art practices. Class trips to significant art collections in cities like New York, Chicago, Ottawa, and Montréal generally occur every year.
