

OSAP Deferral of Fees/Deposit Deadlines

If a student is using funding from OSAP to pay their fees, they are not required to pay the non-refundable deposit at the time of registration permitting they apply and submit all required supporting documentation for OSAP to the Financial Aid Office before the deadline for the specific term (see below). The balance of the students' fees will be due according to the deadlines outlined below. If a student completely withdraws from all courses, a non-refundable registration deposit per term applies and it is the students' responsibility to clear the balance.

If a student has not applied and has not submitted all required documentation for OSAP before the deadline, a non-refundable deposit is required upon registration as it is possible that the OSAP funding will not arrive before the payment deadline. The total student account fees will be due by the dates noted below.

NOTE: If OSAP funding is insufficient to cover all fees, the student must cover the remaining outstanding balance from his/her own resources before the specified payment deadlines. It is equally important to note that if payment deadlines are not met, interest will begin to accrue on the remaining outstanding balance at an annual rate of 5%.

Please review the schedule below, and make note of deadlines pertaining to your specific term:
